[REDACTED] to join the SEA ORG you had to go through a boot camp called the ESTATES PROJECT FORCE (EPF). During your time in the EPF a person is required to do numerous manual labor duties while also mastering a body of knowledge. You graduate from the EPF when you have successfully completed examinations concerning the entire body of knowledge.

[REDACTED] viewed the abuse of a young woman who had been sentenced to the REDEMPTION PROJECT FORCE, also known as the REHABILITATION PROJECT FORCE (RPF). The purpose of the RPF was to take people who were not following Scientology doctrine and are therefore "Out Ethics" and bring them back to "In Ethics," through a series of activities including hard physical labor, sleep deprivation and food deprivation.

[REDACTED]

[REDACTED] it is standard doctrine for the COS to overthrow the Government of the United States, and to establish a new world order. [REDACTED] members of the COS will participate in any activity to pursue this goal. [REDACTED] could not state any specific illegal activities being participated in to pursue this goal.

[REDACTED]

[REDACTED] "clearing" the planet means converting all people to the COS and proving that all other leaders, governments and religions are misused by people as crutches. [REDACTED] the COS misrepresents that it is an interdenominational religion which accepts all creeds. [REDACTED] the COS only accepts their creed and that L. RON HUBBARD eventually declared himself to be the "Messiah." These statements can be found in the training course known as "Operating Thetan VIII," also known as OT VIII.

[REDACTED]

"Third Class Mission Trained." People trained in this mission status are trained to follow all orders. These people are also trained to never incriminate the COS if they are caught committing an illegal act. These people are trained to either commit suicide if captured, or to state that they defected from the COS and are committing criminal acts on their own. Third Class Mission Trained SEA ORG members are trained to "terminatedly handle" situations and people. "Terminatedly handle" is defined in the Modern Management Technology Defined book as follows: "When I say terminatedly handle, I mean finishedly handle. That is handled, and that's all, boy! (HCL PL 4 May 68)." [REDACTED] this definition means that a SEA ORG member is take whatever action is necessary to handle a situation. These actions would include actions to "end the cycle" of enemies of the Church. Ending the cycle means to kill the people.

[REDACTED] job was to terminate and handle  
enemies of the COS.

[REDACTED] when a mission trained SEA ORG  
member receives a "mission order," it is written. A person  
receiving the mission does not communicate that mission with  
anyone. A person receiving the mission then goes to an area  
where he does a "clay demo" of the mission. A "clay demo" is an  
attempt to manifest verbal orders into physical form through the  
manipulation of clay. It is a standard technique used in  
Scientology. [REDACTED] it is common knowledge that if  
any person fails to accomplish a mission, they are automatically  
assigned to the RPF.

[REDACTED] identify the enemies of the COS and have those enemies terminatedly handled.

[REDACTED] normally missions issued to SEA ORG members of OSA US or OSA INT are issued by the HUBBARD COMMUNICATIONS OFFICE (HCO). When an individual is given a mission, all records concerning that individual are then pulled from the files and taken to an unknown location. Therefore, if an individual is arrested during the mission, the COS can deny that the person is in any way involved with the COS.

[REDACTED] the most flagrant criminal activity evident at the COS involves the SEA ORG members treatment of their children.

[REDACTED] has been sexually abused

[REDACTED] children below the age of six, who are left by their parents to sit in the hallway until someone comes by to attempt to care for them. These kids are left in tattered pajamas with little or nothing to eat. They are given inadequate sanitary changings, and are basically ignored. This conduct results because L. RON HUBBARD taught that children are simply

"thetans" in small bodies. Thetans are fully operational beings. Therefore, children must carry their own weight in the COS. [REDACTED] children of the COS are not educated at all. [REDACTED] state law mandates four hours of education. Therefore the children are often bussed to and from the "ranch." This is a three-hour round trip. This three hours contributes to the four-hour education time. The remaining hour is taken up with eating and exercise. Most children in the COS are functionally illiterate. [REDACTED] when children live at the ranch for alleged education, they are actually just put to physical labor. [REDACTED] the child reaches the age of six, he is then placed in the "CADET ORG" if his parents are SEA ORG members.

[REDACTED] had been harassed by COS members. [REDACTED]

[REDACTED]

[REDACTED]

[REDACTED] people assigned to the RPF are forced to do their menial work in the basement of the main COS complex.

[REDACTED] it is common knowledge within the SEA ORG that while you cannot order the death of a SEA ORG member, you can order that member to participate in activity which deprives them of food and sleep, and requires constant exercise until that person dies. SEA ORG members believe that their seniors hold this power over them. This HUBBARD directive
